

WORLD LIVING WATER SYSTEMS LTD.

# Gardening with The Vortex Water Revitalizer

## Flowers, houseplants, fruits, vegetables, and lawns will thrive with Revitalized Water.

- Soil will improve and become more capable of supporting plant growth.
- Soil will become more efficient in the delivery of nutrients to plants.
- Plants will more efficiently absorb nutrients from the soil.
- The stems of plants will become stronger and thicker.
- Reduce the amount of water needed for irrigation 20%-50%.
- The quality and quantity of your plants will increase dramatically.
- Leaves and flowers will grow larger and more vibrantly.
- Yield larger quantities of flowers, fruits and vegetables.
- Trees will grow faster and stronger.
