

WORLD LIVING WATER SYSTEMS LTD.

The Vortex Water Revitalizer

Whole House Models

For Drinking Water:

- Improves the taste, feel and health of your drinking water.
- Revitalized Water is instantly absorbed by your body, leading to better hydration.
- Toxins, like chlorine, and bacteria are eliminated or dramatically reduced from the water.

Throughout the House:

- Showers leave skin and hair much healthier using less soap and shampoo.
- Cleaning dishes, laundry and surfaces will deliver better results using less soap and detergent.
- Gardens, lawns and houseplants will thrive.
- The wastewater leaving your home will be much less detrimental to the environment.
- Hard water is naturally softened, eliminating or reducing mineral, calcium and scale build up.

The River of Life:

The River of Life's design delivers an additional flow dynamic, which simulates the natural movement of water in an even more perfect way. This allows the water to be treated more efficiently and delivers optimal results.

There is no other product available which can do as much for green living than this one.
